Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Friday 02 Jul 2021

++ Valid for broadcast between 1800 and 0600

Headline:
A showery weekend to come.

This Evening and Tonight:
Some rain affecting northern Scotland, else many central and northern parts dry with clear spells. Showery rain in the southwest moving northeastwards across some other parts of England and Wales; some heavy bursts with the odd rumble of thunder.

Saturday:
Rain and showers moving northwards across many parts, some heavy and thundery, especially for England and Wales. Some brightness in between though, and feeling warm.

Outlook for Sunday to Tuesday:
Sunshine, showers and thunderstorms widely on Sunday, constrained to the north by Monday as an area of wet and very windy weather arrives from the south-west later. Continuing unsettled Tuesday.
